UI frameworks, controls, and productivity tools for building high-performing web, mobile and desktop apps. Tools and components for Angular, JavaScript/HTML5, ASP.NET, Windows Forms, WPF, Xamarin, Prototyping & Usability Testing (Indigo Studio) are included as part of this experience. Once you complete the form below you will be sent an email with instructions on how to launch the platform installer.

Complete your download in three easy steps:

1. Complete the form, and we'll e-mail you a download link.
2. Click the link and choose or confirm the components you want to install.
3. Download your trial and get coding!
